

# Ultrasound Training for Obstetrics & Gynaecology 2023

**At Zedu, we focus on  
developing your  
knowledge, skills and  
confidence to make  
you work ready, fast!**

## Core Obstetric Ultrasound

2 days

Discover and explore the clinical utility of ultrasound evaluation in pregnancy to guide patient management. Complete your training curriculum requirements for advanced DRANZCOG and 1st and 2nd year trainees.

12 - 13 January 2023  
16 - 17 February 2023  
20 - 21 March 2023  
19 - 20 April 2023  
29 - 30 May 2023  
10 - 11 July 2023  
9 - 10 August 2023  
14 - 15 September 2023  
23 - 24 October 2023  
4 - 5 December 2023

## Comprehensive Obstetric Ultrasound

4 days

At the completion of this course you will have the skills to conduct an ultrasound assessment of the pelvis using transabdominal and transvaginal approaches; evaluate for ectopic pregnancy, confirm an intrauterine pregnancy or discover the cause of your patient's pain and bleeding; assess fetal well-being and growth in the third trimester; examine multiple pregnancy; and develop basic practical proficiency in transvaginal scanning.

21 - 24 February 2023  
22 - 25 May 2023  
21 - 24 August 2023  
20 - 23 November 2023

## First Trimester Ultrasound

1 day

Evaluate for ectopic pregnancy, confirm intrauterine pregnancy or discover the cause for your patient's pain and bleeding.

6 April 2023  
4 August 2023  
3 November 2023

## Fetal Well-Being Ultrasound

1 day

Master the fundamentals of fetal Doppler and well-being assessment in the management of high risk pregnancies.

On Demand

## Transvaginal Ultrasound

1 day

Master the fundamentals of transvaginal scanning on real patient models. Explore techniques to make finding the ovaries easy.

12 May 2023  
13 October 2023

## Ultrasound Scanning Practice

1 day

Tailor a practice package to help prepare for exams, develop your skills or refresh your training.

## MTOP Ultrasound

2 days

Accurately date pregnancy in the first trimester for informed diagnosis prior to MTOP. Monitor post procedural complications with ultrasound. Confirm an IUP, ectopic pregnancy, RPOC, IUCD position, estimate gestational age, identify cause of pain & bleeding.

30 - 31 January 2023  
18 - 19 May 2023  
17 - 18 August 2023  
13 - 14 November 2023

Hands on, fun and intensely practical ultrasound training using real people for scanning practice!
